# Ministry Classification

Name of Organization \_\_\_\_\_

In order to assist the giving public, ECFA classifies its accredited organizations into activity categories. Use this sheet to classify the primary outreach activity of your ministry. Use separate copies of this sheet to note the ministry activity of subsidiaries. Note that parent and subsidiary classifications should not overlap. For example, a church that also operates a school should indicate the parent's classification as Church and the subsidiary's as Education – K through 12.

Please limit selections to a maximum of 10.
